PROFESSIONAL PROFILE

Innovative and results-oriented Web Developer with extensive experience in both full-stack development and SAP ABAP. Skilled in designing, developing, and maintaining complex web-based systems and ERP applications. Strong collaborative and debugging skills with a passion for creating efficient, user-centered solutions.

PROFESSIONAL EXPERIENCE

SAP ABAP Developer (Associate)

Accenture Inc.

📅 January 2023 – January 2025

Key Responsibilities:

- Completed SAP ABAP bootcamp and passed certification exam.
- Conducted ATCP checks on custom objects (S/4HANA readiness 2023).
- Upgraded custom object versions to S/4HANA compatibility.
- Performed code remediation and debugging to resolve system issues.
- Collaborated with other SAP modules (e.g., SAP FI) for application testing.

Software Developer

Delsan Business Innovations Corp.

📅 March 2021 – January 2023

Key Responsibilities:

- Sole developer maintaining internal systems: Admin Control, Sales Reports, PMS System, Order System, and eForms with approval workflows.
- Coordinated with executives and department heads to plan system updates.
- Led deployment, version control, and server-side management.
- Managed MySQL databases and handled data import tasks.
- Maintained documentation and work tracker.

Web Systems Developed:

- Machine Portal
- Service Management Portal
- Order System
- eForms
- Parts Request Portal
